

Late Start on Wednsdays

-Febuary 2 2020-

Proposed by Haim Oliel

Proposal:

This Proposal will give students more time to sleep in the morning while also ending school at the same time.

- School will start with first class at 8:45AM and end at 9:30 AM
 - Then davening/Breakfast until 10:30AM
 - Then the next two classes will be from 10:35AM until 11:30 AM and 11:35AM until 12:30PM
 - Then Lunch until 1:15PM
 - Then classes until 4:35PM with Minchah from 3:20PM to 3:35PM
 - Then Swap from 4:35PM until 5:30PM
- Hashkama will be available starting at whatever time they see fit and closing 10 minutes later
- Teachers should be available to meet with students during Swap if a student needs help.
 - Swap will be optional for the entire school
 - Meaning every student who leaves at 4:35 needs to sign out, they cannot just walk out.

Reasoning:

This proposal will allow students to have more time to sleep one day a week, and at the same time for the students who live in the valley to be able to get home at the same time.
